

IMPORTANT INFORMATION FOR STUDENTS ENTERING GRADE 6 IN SEPTEMBER 2016

The New Jersey Department of Health requires that students entering grade 6 **and** reaching the age of 11 receive the following immunizations:

- Tdap Vaccine booster (Tetanus, diphtheria, and pertussis)
- Meningococcal Vaccine

If your child has already turned 11 years of age, please contact your healthcare provider to schedule the administration of these immunizations.

Written proof indicating receipt of these vaccinations must be provided to the school nurse **before** the first day of sixth grade in the fall in order for your child to attend school.

If you have any questions about these requirements or need assistance in getting these for your child, please contact the school nurse in your child's school.
